Ordering the Software

Click <http://www.stellarinfo.com/media-tools/video-converter.php> to know more about **Stellar Audio Video Converter**.

To purchase the software online, please visit <http://www.stellarinfo.com/media-tools/video-converter/buy-now.php>

Alternatively, click **Order** icon in **Help Menu** on **Menu Bar** to purchase the software online.

Select either of the methods given above to purchase the software.

Once the order is confirmed, a serial number will be sent to you through e-mail, which would be required to activate the software.

Registering the Software

The demo version of **Stellar Audio Video Converter** can be downloaded from the Stellar website. This demo version is just for evaluation purpose and must be eventually registered to use the full functionality of the software. Software can be registered after receiving the key.

To register the demo application, follow the steps given below:

1. Click on **Activation** button from the **Tools** menu bar. Activation dialog box is displayed.
2. If you have the registration key, select **I have a Registration Key** and click **OK**. **Stellar Audio Video Converter** dialog box is displayed.
3. Enter the **User Name**, **Activation Code** and then click **OK** to activate the software.
4. If you don't have the registration key, select **I do not have the registration key** and click **OK** to purchase the software online.

Note: *In case you are using Demo version of the software, you can save initial 60 seconds of audio/ video file. However, you can edit your video files in demo version of the software.*

Updating the Software

Stellar releases periodical software updates for **Stellar Audio Video Converter** software. You can update the software to keep it up-to-date. These updates can add a new functionality, feature, service, or any other information that can improve the software. Update option of the application is capable of checking for latest updates. This will check for both latest minor and major versions available online. You can easily download minor version through the update wizard. However, the major version, if available, has to be purchased. While updating the software, it's recommended to close all the running programs. Note that demo version of the software cannot be updated.

To update Stellar Audio Video Converter:

- Click **Update Wizard** icon from **Setup** menu.
- **Stellar Phoenix Update Wizard** window opens. Click **Next**. The wizard will search for latest updates, and if it finds any new updates, a window will pop up indicating its availability.
- Click **Next** and the software will download the files from the update server. When the process is complete, the software will upgrade to the latest version.

Live Update may not happen due to following reasons:

- Internet connection failure
- Updates are not available

Note: *If a major version is available, you need to purchase the software in order to upgrade it.*
