Installation Procedure

Before installing the software, ensure that your computer meets the minimum system requirements to install Stellar Phoenix PowerPoint Repair software.

- **Minimum System Requirements**

  Processor : Pentium Class

  Operating System: Windows 7 / Vista / 2003 / XP

  Memory :1GB recommended

  Hard Disk :50 MB of free space

  MS PowerPoint: 2010 / 2007 / 2003

To install the software:

1. Double-click **StellarPhoenixPowerPointRepair.exe** file to open Stellar Phoenix PowerPoint Repair Setup Wizard. Click **Next**.

2. Click **Next**. *License Agreement* dialog box is displayed.

3. Choose *I accept the agreement* option. **Next** button will be enabled. Click **Next**. *Select Destination Location* dialog box is displayed.

4. Click **Browse** to select destination path where the setup files will be stored. Click **Next**. *Select Start Menu Folder* dialog box is displayed.

5. Click **Browse** to provide path for program's shortcuts. Click **Next**. *Select Additional Tasks* dialog box is displayed.

6. Choose the check boxes as per your choice. Click **Next**. *Ready to Install* dialog box is displayed.

7. Review the entries. Click **Back** if you want to change them. Click **Install** to start installation. The Installing window shows the installation process.

8. After completing the process, *Completing the Stellar Phoenix PowerPoint Repair Setup Wizard* window is displayed. Click **Finish**.

Clear Launch Stellar Phoenix PowerPoint Repair check box to stop automatic launch of the software.

Launching the Software

You can use any of the following methods to start **Stellar Phoenix PowerPoint Repair**:

- Click **Start** -> **Programs** -> **Stellar Phoenix PowerPoint Repair** -> **Stellar Phoenix PowerPoint Repair**.

- Double click icon on the Desktop.

- Click **Stellar Phoenix PowerPoint Repair** icon in Quick launch.

User Interface

The main user interface of **Stellar Phoenix PowerPoint Repair** is as shown below:
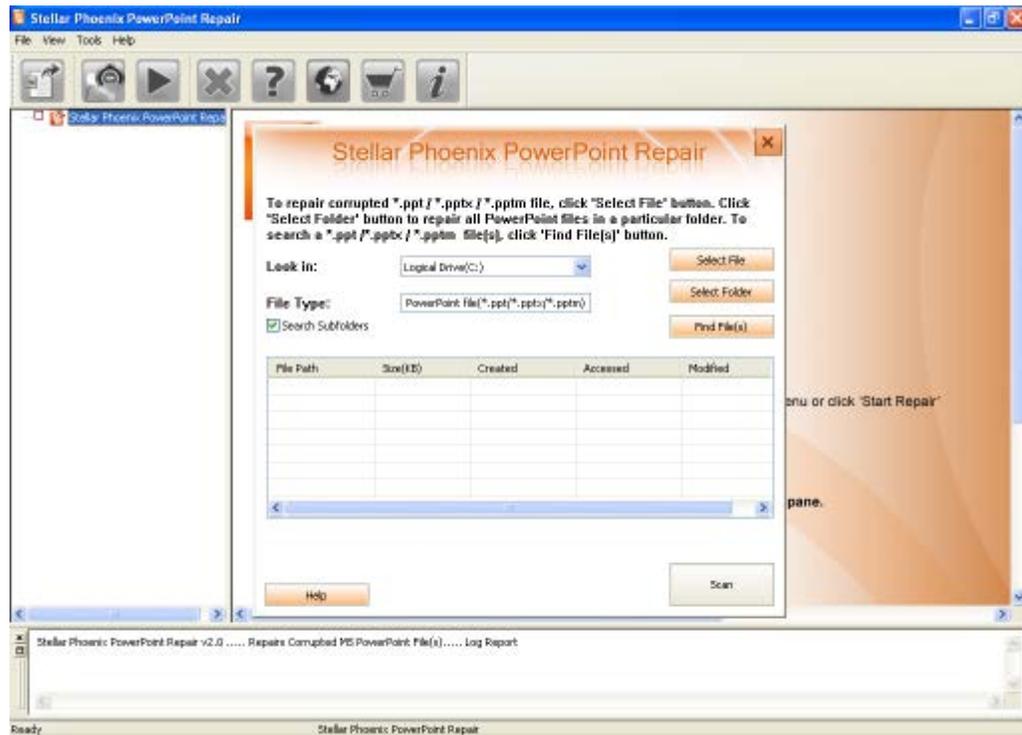

The user interface contains menus and buttons that lets you access various features of the software with ease.

Order and Register

You can purchase the software online. For price details and to place an order, click here.

On confirmation of order, a pre-paid serial number is sent to you through e-mail that would be required to register the software.

Register Stellar Phoenix PowerPoint Repair:

After receiving the **Registration Key**, the software can be activated.

To register the software:

1. Run demo version of the software.
2. Select **Activate Stellar Phoenix PowerPoint Repair** in **Help** menu.
3. Type Name and Key. Click **OK**.

How to Update?

There are periodical software updates for **Stellar Phoenix PowerPoint Repair**. Software updates should be done to keep the software up-to-date. Updates can be a newly added functionality, a new feature, a new service or any other information that can be important for improvement. Update option in the application is capable of checking for the latest updates. This checks for both latest minor and major version available online. You can easily download minor version through the update wizard. However, the major version, if available, has to be purchased. While updating the software, it's recommended to close all the running programs. Note that demo version can not be updated.

To update the application, follow these steps:

- Click on **Update** button in application tool bar or select **Updates** option in **Help** menu. **Stellar Phoenix Update Wizard** is displayed.

- Click **Next**. A busy timer shows that updates are being searched. If it finds any new version, a message indicates the availability.

- If no updates are available, click **Cancel** to close the wizard.

- Click **Next**. The software will start downloading the update files from the server. When the process is complete, the software will upgrade to the latest version.

How to Uninstall the Software?

Stellar Phoenix PowerPoint Repair can be removed either using **Uninstall Stellar Phoenix PowerPoint Repair** program in the software or from **Add/Remove** programs in **Control Panel**.

To uninstall the application using Uninstall Stellar Phoenix PowerPoint Repair:

> Click **Start** -> **All Programs** -> **Stellar Phoenix PowerPoint Repair** -> **Uninstall Stellar Phoenix PowerPoint Repair**. Follow on screen instructions to completely remove the software, including registry entries from your computer.

To uninstall the application using Control Panel:

> Click **Start** -> **Control Panel** -> **Add Or remove Program**. Select **Stellar Phoenix PowerPoint Repair** entry from the displayed list and click **Change/Remove**. Follow on screen instructions to completely remove the software as well as registry entries from your computer.
