

Stellar SQL Database Toolkit

Version 2.0

User Guide

Overview

Stellar SQL Database Toolkit is a collection of following software:

- Stellar Phoenix SQL Backup Recovery
- Stellar Phoenix SQL Database Repair
- Stellar Phoenix SQL Password Recovery

Installation Procedure

Before beginning the installation procedure, make sure that the computer meets the minimum system requirements.

Minimum System Requirements:

Operating system: Windows Server 2012 / 2008 / 2003 and Windows 10 / 8.1 / 8 / 7 / Vista / XP

Hard Disk: At least 50 MB of free disk space

RAM: 1 GB minimum (2 GB recommended)

MS SQL Server: MS SQL Server 2016, MS SQL Server 2014, MS SQL Server 2012, MS SQL Server 2008 R2, 2008, 2008 (64 bit), 2008 Express, MS SQL Server 2005, 2005 (64 bit), 2005 Express, MS SQL Server 2000, 2000 (64 bit), 7.0 and mixed formats.

To install the software, follow the steps:

1. Double-click **Stellar SQL Database Toolkit.exe**. **Setup** dialog box is displayed.
2. Click **Next** to continue. **License Agreement** dialog box is displayed.
3. Select **I accept the Agreement** option. Click **Next**.
4. Specify the location where the installation files are to be stored. Click **Next**.
5. Select the folder where the files are to be stored. A default folder is suggested in the box. Click **Browse** to select a different location. Click **Next**.
6. In the **Select Additional Tasks** dialog box, select check boxes as per your choice. Click **Next**.
7. Review your selections. Click **Back** if you want to make any change. Click **Install** to start installation. The Installing window shows the installation process.
8. After completion of the process, **Completing the Stellar SQL Database Toolkit Setup Wizard** window opens. Click **Finish**.

Note: Clear **Launch Stellar SQL Database Toolkit** check box to prevent the software from launching automatically.

Launching the Software

To launch Stellar SQL Database Toolkit in Windows 10:

- Click Start icon -> All apps -> **Stellar SQL Database Toolkit** -> **Stellar SQL Database Toolkit**
Or,
- Double click **Stellar SQL Database Toolkit** icon on the desktop. Or,
- Click **Stellar SQL Database Toolkit** tile on the home screen.

To launch Stellar SQL Database Toolkit in Windows 8.1 / 8:

- Click **Stellar SQL Database Toolkit** tile on the home screen. Or,
- Double click **Stellar SQL Database Toolkit** icon on the desktop.

To start the application, do one of the following in Windows 7 / Vista / XP:

- Click Start -> All Programs -> **Stellar SQL Database Toolkit** -> **Stellar SQL Database Toolkit**.
Or,
- Double click the **Stellar SQL Database Toolkit** icon on the desktop. Or,
- Click **Stellar SQL Database Toolkit** icon in Quick launch.

User Interface

Stellar SQL Database Toolkit software has a very easy to use Graphical User Interface. The user interface contains features required for complete recovery of corrupt MS SQL Server (MDF) files, recovery of corrupt MS SQL Backup (.bak) files, and recovery of the password of MSSQL (master.mdf) file of the database.

After launching the program, you will see the main user interface as shown below:

Buttons

Following buttons are present on the main user interface of **Stellar SQL Database Toolkit** software:

About

Click this button to read more information about the software.

Register

Click this button to register the software after purchasing.

Click this button to transfer the license of the registered software to another computer.

Purchase

Click this button to purchase the software.

Help

Click this button to open the help manual for **Stellar SQL Database Toolkit**.

Ordering the Software

Click <http://www.stellarinfo.com/sql-database-toolkit.php> to know more about **Stellar SQL Database Toolkit**.

To purchase the software online, please visit <http://www.stellarinfo.com/database-recovery/sql-toolkit/buy-now.php>

Alternatively, click on **Purchase** icon in **Help Menu** on **Menu Bar** to purchase the software online.

Select either of the methods given above to purchase the software.

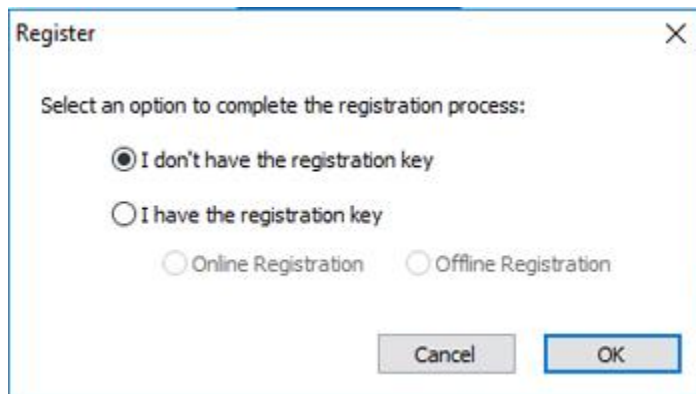

Once the order is confirmed, a serial number will be sent to you through e-mail, which would be required to activate the software.

Registering the Software

The demo version is just for evaluation purpose and must be eventually registered to use the full functionality of the software. The software can be registered using the Registration Key which you will receive via email after purchasing the software.

To register the software:

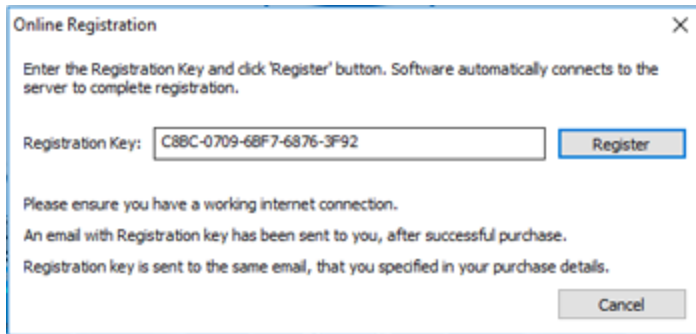

1. Run demo version of software.
2. On **Registration** menu, click **Register** option. *Register* window is displayed as shown below.

3. Choose 'I don't have the registration key' (Use this option if you have not purchased the product) or select 'I have the registration key' (Use this option if you have already purchased the product).

To register the software, when you do not have a registration key, follow the steps given below:

1. In the *Register* window, select '**I don't have the registration key**' option. Click **OK**, to go online and purchase the product.
2. Once the order is confirmed, a Registration Key will be sent to the email provided at the time of purchase.
3. In the *Online Registration* window, type the **Registration Key** and click **Register** button (Please ensure that you have an active Internet connection).

4. 'Activation *Completed successfully* ' message is displayed after the process is completed successfully. Click **OK**.

To register the software, when you have a key, follow the steps given below:

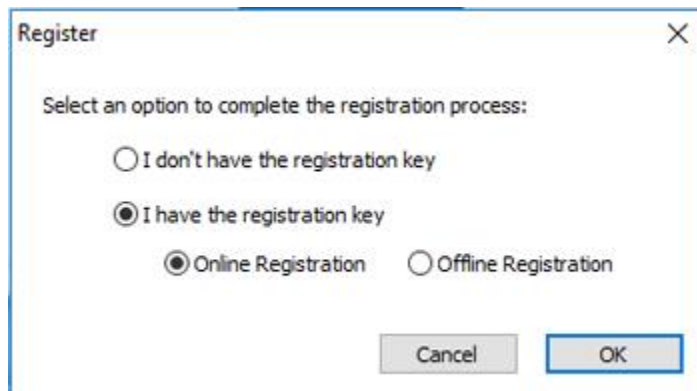

1. In the *Register* window, select '**I have the registration key**' option.
2. You can choose either 'Online Registration' (Use this option to register the software over Internet) or 'Offline Registration' (Use this option to register the software manually / through e-mail if for any reason, Internet connection is unavailable).

- **Online Registration**

Online Registration is possible only when an active Internet connection is available.

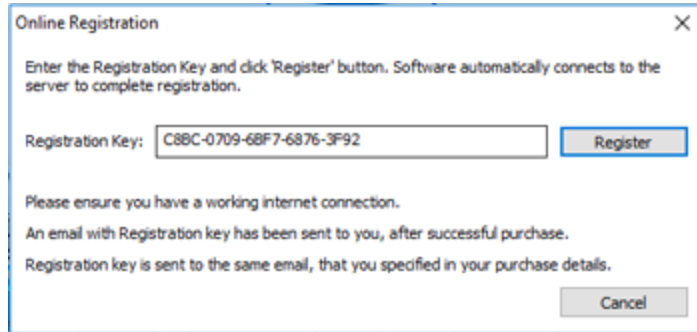

- **To register the software online:**

1. From the *Register* window, select **Online Registration**. Click **OK**.

2. An **Online Registration** dialog box will appear.

3. Type the **Registration Key** (received through email after purchasing the product) in the field of Registration Key. Click **Register**.

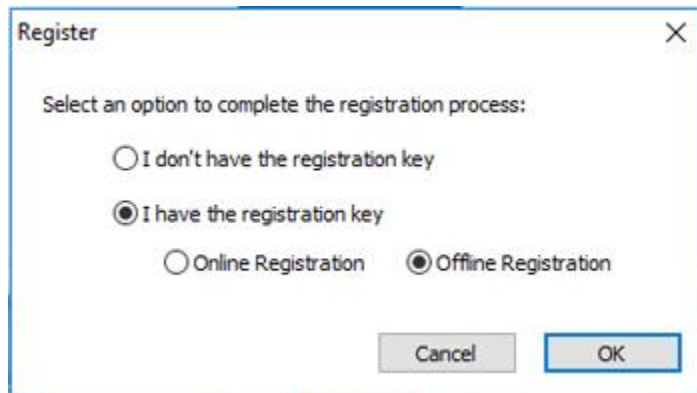

4. The software would automatically communicate with the license server to verify the entered key. If the key you entered is valid, software will be registered successfully.

- **Offline Registration**

Offline Registration enables you to register the product when your computer does not have an Internet connection.

- **To register the software offline:**

1. From the *Register* window, select **Offline Registration**. Click **OK**.

2. An **Offline Registration** dialog box will appear displaying **Registration ID** in its respective field.

3. To get your License Key, which is required to register the software manually, you need to mail the listed **Registration ID** to support@stellarinfo.com.
4. A License Key will be sent to your email address after verifying the Registration ID and purchase details by *Stellar Technical Support*.
5. After receiving the License Key, open **Stellar SQL Database Toolkit**. In *Register* window, select '**I have the registration key**'.
6. Select **Offline Registration** and click **OK**.
7. Enter the **License Key** received through email in the field of License Key.

8. Click **Register** to activate the software. A confirmation message is displayed if a valid key is entered. Click **OK**.

Transfer License

Stellar SQL Database Toolkit allows you to transfer the license of the registered software to another computer on which you want to run the software with full functionality. This operation deactivates the product on your current computer so it can be reactivated on the new computer.

To transfer a software license from one computer to another, please follow the specific steps below:

On Target Computer:

1. Run demo version of the software.
2. In **Registration** Menu on Menu Bar, click **Register**. A new dialog appears.
3. From the *Register* window, select **Offline Registration**. Click **OK**.
4. An **Offline Registration** dialog box will appear displaying **Registration ID** in its respective field.

The screenshot shows a dialog box titled "Offline Registration" with a close button (X) in the top right corner. The text inside reads: "Send 'Registration ID' to Stellar Technical Support to get your 'License Key'. If you already have 'License Key', enter it and click 'Register'." Below this text are two input fields: "Registration ID:" containing the alphanumeric string "AJQ5019POJJPEK7M-E5B8M9TREFJYHI0B-442GFAP47L;" and "License Key:" which is currently empty. At the bottom of the dialog are two buttons: "Cancel" and "Register".

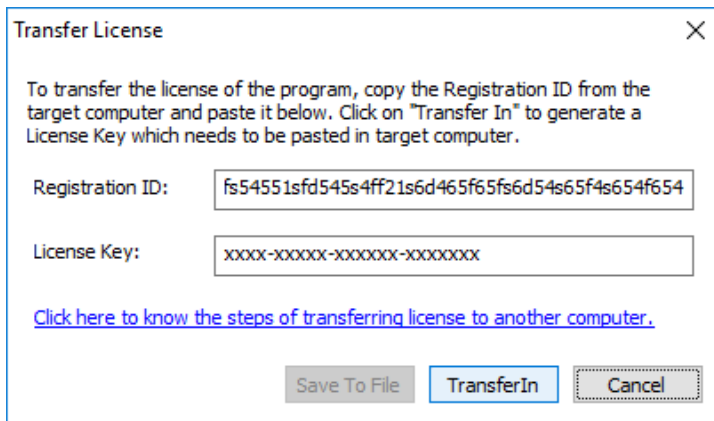

On Source Computer:

1. Run registered version of software.
2. In **Registration** Menu on Menu Bar, click **Transfer License**.

The screenshot shows a dialog box titled "Transfer License" with a close button (X) in the top right corner. The text inside reads: "To transfer the license of the program, copy the Registration ID from the target computer and paste it below. Click on 'Transfer In' to generate a License Key which needs to be pasted in target computer." Below this text are two input fields: "Registration ID:" which is empty, and "License Key:" which is also empty. At the bottom of the dialog are three buttons: "Save To File", "TransferIn", and "Cancel".

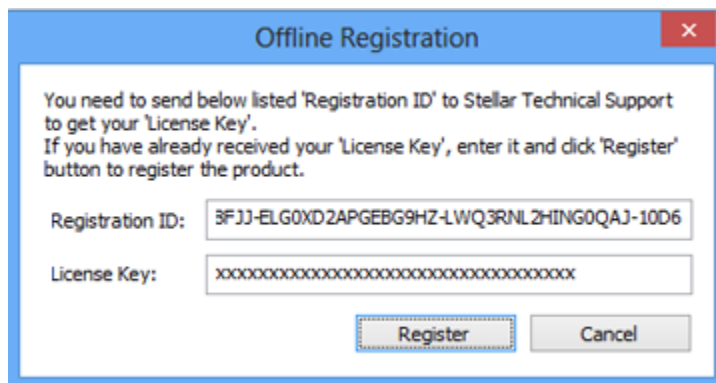

3. Copy the **Registration ID** displayed on the Target Computer in the field of Registration ID on the Source Computer.
4. To get your License Key, click **Transfer In** button on Source Computer. This will generate a License Key.
5. You can also save the License Key generated on the source computer. Click **Save to File** button to save the Registration ID and the License Key. In **Browse for Folder** dialog box, select the location where you want to save the details. Click **OK**.
6. '*License Key has been saved successfully*' message is displayed after the saving process is completed successfully. Click **OK**.

This will deactivate the product on Source Computer and you will no longer be able to use the software anymore on this computer.

On Target Computer:

1. Type the **License Key**, which you have generated on the Source Computer in the provided field of License Key.

2. Click **Register** to complete the activation process.
3. '*Activation Completed Successfully*' message is displayed after the process is completed successfully. Click **OK**.
